Moon and Moth Foil Art

Print at 100% / Actual Size, using the orientation of each page. Do not fit to page.

1. Two printed paper frames, arranged one above the other

Cut around each 100 mm frame and remove the white center. Laminate the empty paper rings.

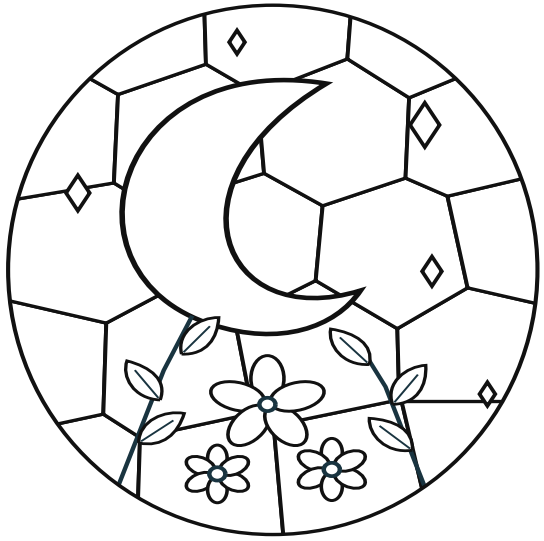

Scale check: 50 mm.

Moon and Moth Foil Art

Print at 100% / Actual Size, using the orientation of each page. Do not fit to page.

2. Black drawing guides: moon garden at left, moth garden at right

Both drawing guides are 70 mm across to match the clear windows of the paper frames.

Tape each clear laminated window over its guide, trace in black, then color the reverse.

Leave the moon and main moth wings clear. One crumpled foil core sits between both faces.

Scale check: 50 mm.
